

Visit the Fence Design Studio at www.enduris.com and see your dreams become reality.

Choose your style. Choose your color.
It's easy to create the fence you've always wanted.
 Can't decide what fence design you'd like in your backyard?
 Not sure if you need full privacy or semi-private panels?
 How about color - do you want to match your house color,
 or go with something different? Now you can view all these
 options and more at the Fence Design Studio on our website.
 Go to www.enduris.com, click on Fence Studio, and discover
 all the possibilities Enduris can provide.

With so many options, making your final choice could be the most difficult.

Not all low-maintenance fences are created equal.

Enduris fencing is designed, engineered and manufactured to be one of the best values in landscaping today. Composed of rigid polyvinyl chloride (PVC), its UV inhibitors and additives make it impervious to the elements, yet flexible enough to resist cracking. Components are produced for durability and strength under exacting quality control checks. The combination of strength and long-lasting good looks is exactly what you're looking for in vinyl fencing. There's virtually no maintenance, other than an occasional spray with a garden hose, or brushing off grass clippings.

Manufacturer's Limited Lifetime Warranty

Enduris warrants its vinyl fence products are free from defects in material and manufacturing workmanship. When installed under normal conditions and proper use, Enduris vinyl fence and railing will not peel, pit, rot, blister, warp, crack, abnormally weather, or be consumed by insects. If such a defect or degradation is discovered, Enduris, at its option, will repair or replace the defective material.

Discovering New Boundaries

NEW!
Multi-Grain Fencing
 Embossed woodgrain with
 authentic wood texture and color
www.enduris.com

Feeling is believing.... NEW! Multi-Grain Fencing

Fortified with a Deep Emboss and Natural Woodgrain Colors.

Finally, the rich appearance of painted posts and rails and stained, slightly weathered wood panels, with none of the maintenance!

Our woodgrain fencing panels have always been a show-stopper. Enduris perfected the random woodgrain patterns that mimic nature a few years ago. Now we've taken it to the next level of authenticity, with the addition of a realistic embossed woodgrain pattern over top of the subtle color variations. Now you can see and feel the quality!

Multi-Grain Khaki

Multi-Grain Cream

Multi-Grain Tan

Designing your fence is easy, and limited only to your imagination. Choose the color that provides the best curb appeal to your property, or perhaps a striking contrast to your residence. For example, select Multi-Grain Tan panels with solid Tan post and rails; or, mix it up with Multi-Grain Cream panels with solid Khaki accents.

Our new Multi-Grain embossed privacy panels combine natural-looking colors and grain patterns. A unique manufacturing process ensures that no two panels are alike, similar to real weathered wood. And, unlike a real wood fence, Multi-Grain fencing is extremely low-maintenance; there's never any painting, sanding, or splinters.

Now you can really complement the architectural style of your house with the distinctive look of Enduris Multi-Grain Fencing.

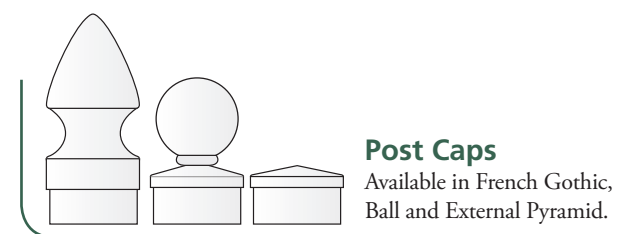

Add decorative lattice to the top of your fence for a truly unique look.

Customize your fence with a variety of post caps.

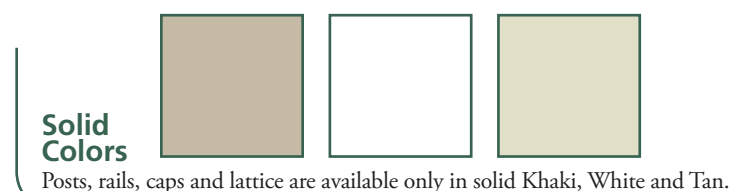

Panels interlock, enhancing stability and providing complete privacy.

Mix colors to suit your taste! shown here: Multi-Grain Cream panels with White accents; Multi-Grain Tan with Khaki accents; Multi-Grain Khaki with Tan accents.

Post Caps
Available in French Gothic, Ball and External Pyramid.

Solid Colors
Posts, rails, caps and lattice are available only in solid Khaki, White and Tan.

Colors shown are by the lithographic process and may vary slightly from actual product.
