Transform your yard into something special.

What is it about a pretty fence that adds so much character to the landscape? Think of the neighborhoods you loved growing up—tree-lined streets filled with distinctive homes, inviting front porches and freshly painted clapboard siding, and those wonderful picket fences, complete with interesting gates and rose-covered arbors.

Those were the good old days, weren't they? Especially when you picture Tom Sawyer talking some of his friends into doing what has become one of the most dreaded jobs known to homeowners—scraping and painting the fence. Well, thanks to modern-day technology, we can have all the wonderful aesthetics that those old-time fences brought to a yard, with none of the drudgery.

Enduris fencing components are designed to allow you and your fencing professional to create the ultimate complement to your front or back yard. It can take on your own individual style—for security, privacy, traffic flow or aesthetics. Enduris fencing has the design for you.

The proverbial white picket fence adds charm and grace to your home.

Stake your claim on your front yard and add visual excitement at the same time.

White, Tan or Khaki.

Not all low-maintenance fences are created equal.

The fences you see lined up in front of your neighborhood Home Center serve a purpose—low price. We've all learned from the phrase "You get what you pay for", and this is one of those instances. Enduris fencing is designed, manufactured and engineered to be one of the best values in landscaping today. Composed of rigid polyvinyl chloride (PVC), its UV inhibitors and additives make it impervious to the elements, yet flexible enough to resist cracking. Components are produced for durability and strength under exacting quality control checks. The combination of strength and long-lasting good looks is exactly what you're looking for in vinyl fencing. There's virtually no maintenance, other than an occasional spray with a garden hose, or brushing off grass clippings.

Pickets—you've got a lot of choices!

Because each Enduris fence is made to order, you get to pick all the components. Pickets come in many styles, widths and colors, and each can be topped off with a different cap as well. Take a look at some of our suggested configurations below, then let your imagination run wild.

Select Khaki or Tan to complement or contrast with the color of your home.

Choose White for a classic, traditional fence.

How private do you want to be?

With Enduris, the choice is yours. Our privacy fences are engineered with interlocking tongue and groove boards to provide complete privacy. The boards extend deeply into our rail system to compensate for simple elevation changes, and they are made from the same durable and low-maintenance components as all our fencing.

Three cap choices allow you to customize your fence.

Add decorative lattice to the top of your fence for a truly unique look.

Privacy panels interlock for complete privacy.

Our semi-private fences are a beautiful way to keep people and animals right where you want them, and allow for a little airflow at the same time.
